

## **It's the Same Everywhere**

(Clearwisdom.net) After reading the article "Clearly Recognize the Interference from the Old Forces and Deviated Notions," I realized that we should completely destroy the old forces' protective arrangements for the head of the evil in the human world, and completely oppose the hidden arrangements and notions that allow the head of the evil to continue to live.

Dafa practitioners around the world: let's reach a common understanding and send forth righteous thoughts to eliminate the head of the evil, so that it will be eradicated before it could leave China!

Fellow practitioners, let's send forth righteous thoughts to eliminate the head of the evil no matter where it goes, as we did when it went to Germany. No matter where it goes, there will always be practitioners there sending forth righteous thoughts from a close distance. We won't allow it to poison the minds of government officials and people in other countries. Wherever the head of the evil plans to go, we will distribute truth-clarifying materials there ahead of time. We will also clarify the truth to the governments, media, related social organizations and local people, so that we can protect and offer salvation to even more people.

This is denying the old forces and destroying the old forces' arrangements for the head of the evil and Fa rectification.

My understanding is limited, so please kindly point out anything inappropriate.
