

## **A New Practitioner's Warning to Jiang: Admit Your Guilt and Return Freedom of Belief to the People**

By a Chinese citizen who obtained Falun Dafa in January 2002

**(Clearwisdom.Net)**

Jiang Zemin,

I am a common Chinese citizen. In January 2002, I happened to meet with three Dafa practitioners who were forced to leave their homes. I was deeply impressed with their high moral standard. They clarified the truth to me and showed me various Dafa materials and the book Zhuan Falun. In a video show, I saw 36 Western practitioners from 12 countries displaying a banner which read, "Truth, Compassion and Forbearance," clarifying the true facts of Falun Gong to the Chinese government and the world in Tiananman Square. The scene awakened my conscience. When you are obsessed with the bloody persecution of Falun Gong, people can see your brutal nature. They also see how great Falun Gong really is.

In January 2002, my entire family and other relatives became Dafa practitioners through pre-destined arrangement. Now, all nine people in my family cultivate and practice Falun Dafa. What can you do to stop people (from believing in the truth)? During the Chinese New Year, 23 of us new Dafa practitioners and a few other practitioners gathered to study the Fa, practiced, and sent forth righteous thoughts. There are so many other people in China that are awakening. We want to inform Jiang on this Clearwisdom Net, that more and more Chinese people have begun to practice Falun Gong. This illustrates an ancient principle: Those who win over peoples' heart succeed, while those who lose peoples' support are doomed.

Jiang: you claimed that you want to "govern the nation with virtue." However, out of your own selfish motives, you disregard the constitution and persecute Dafa Practitioners with no pardon. You ordered that Dafa practitioners be "mentally destroyed and physically eliminated." From your conduct, Chinese people recognize your brutal, deceitful, and hypocritical soul. As a morally corrupted person, how can you say that you "govern the nation with virtue?" People recognize the truth. More kind-hearted Chinese people will be awakening soon.

Let me ask you something. As a government that makes claims to "represent truth and justice," how come whenever the programs of China's human rights abuses and the truth about Falun Gong appear on Hong Kong's TV network, the (government controlled) Cable TV will stop the programs immediately? This can only demonstrate to people that you are afraid of the truth and the people.

Here is my suggestion to you: put the nation and people's interests before your own; stop your obsession with personal power; admit your guilt to the people and treat people with dignity; return freedom of expression and freedom of belief to the people.
